

CALIFORNIA MUNICIPAL TREASURERS ASSOCIATION

TO: CMTA Board of Directors
FROM: Mary Asturias, Education Chair
DATE: June 20, 2008

SUBJECT: Education Committee Report
MEMBERS: Dale Belcher, Bill Blackwill, Don Collins, Mike Reynolds, Kelley Williams,

After a rocky start I believe that the education committee is on the right track. With the help of Dale, Mike and Kelley I was able to piece together what I needed to know to proceed with this year's "Essentials Workshop". The commercial associates have also contacted me to let me know that they are on board, too.

Donna posted the information on the website and I will be mailing out the cover letters and registration packets the end of the month.

I am in contact with Rebecca Shobe from San Diego County who would like to serve on the committee.

I am confident that the committee will assist me in making our workshops the best ever. I think that it is important that we keep our options open and make any changes to the program, number of workshops, topics, etc. that will keep our program fresh and relevant for our members.
